

## *Installing the ZX Board in the Ultra 2 Workstation*

---

**6** 

Instruction for installing the ZX board in the Sun Ultra 2 workstation are contained in the *Sun Ultra 2 Creator Series Installation Guide*, which is part of the Sun Ultra 2 Creator Series Manual Set, part number 825-3381-02.

If you have a choice between installing the ZX board in the upper or lower slots, install it in the upper SBus slots for improved reliability. The ZX board is a double-wide assembly, requiring a pair of adjacent SBus slots, such as 1 and 3. See Figure 6-1.

*Figure 6-1* Ultra 2 Workstation SBus Slots

After installing the ZX board, configure the ZX Graphics Accelerator to work properly with your monitor, as described in Chapter 8, “Changing the Screen Resolution” on page 65.
